

SXM DS01-8P
 7" Charging and Data
 Docking Station / 8 Ports
 for SXM Bodycams

Siera Xtreme Mobile is a line of MNDVRs, dashcams, and bodycams with advanced features designed to meet all the needs of the mobility market.

Key Features

- 7-inch industrial touchscreen
- Charging and data transfer hub for multiple devices
- Stable and efficient processing
- Flexible and expandable storage
- Integrated audio
- Advanced connectivity
- Designed for demanding environments
- High-performance industrial power supply (85W)
- Compatibility with multiple operating systems
- Optional Docking Station system configuration

MODEL:	SXM DS01-8P
Operating System:	Optional Win10 / Win 11
Software Docking Station:	Optional Installation
Screen:	7" capacitive color touchscreen
Resolution:	1024 x 600 px
Contrast:	1000:1
Screen colors:	16.2 million
Brightness:	250 cd/m ²
Processor and Memory	
CPU:	Intel Dual Core, Turbo Boost 2.42 GHz
RAM:	4 GB DDR3
SSD:	120 GB
Storage	
Internal bays:	1 bay
Optional Drives:	2 TB / 4 TB / 6 TB / 8 TB (for storing data downloaded from bodycams)
Data Interface:	10-port USB hub (output current: 1.2A per port) Additional USB ports: 2 x USB 2.0
Audio:	ALC662 chipset, 6-channel output, 2 x 8Ω / 3W speakers
Network:	LAN: Integrated Realtek RTL8111F (Gigabit 1000M) WiFi : Intel 5100 module with 6 dBi antenna
Operating Temperature:	-20°C ~ +80°C
Storage Temperature:	-20°C ~ +60°C
Operating humidity:	10% ~ 90% (non-condensing)
Power Supply:	110-220V AC.
Power:	85W industrial power supply
Dimensions:	3600 mm x 2600 mm x 1200 mm (length x width x height).
